

October's horoscope

Here are this month's horoscopes, straight from the crystal ball. Be sure you witches and vampires read up on what awaits you this month for it may surprise you!

Aries

March 21st - April 20th

During the spooky month of October Aries will have a lot of luck. Not only will you have a lot of Halloween party invites but school works seems to be going better as well. Be careful of black cats though, they will turn that luck around!

Taurus

April 21st - May 20th

Unlike Aries, Taurus will not have a lot of luck this month. There will be a lot of conflict in school with other children. They will be mean. But Taurus should remain strong and things will turn out well.

You will not be very social this month, however school will go greatly as long as you take this month to study.

Gemini

May 21st - June 20th

You will make a lot of friends during the month of October. During trick-or-treating or during a party you are sure to be a social butterfly.

Be careful of the number thirteen. That number will bring you back luck.

Cancer

June 21st - July 22nd

This starsign will have a troubling month ahead of them. You will encounter someone who has ill intentions for you this month. They might bewitch you with their charm but don't fall for it!

You will not have any luck this month if you stumble across a black cat.

Leo

July 23rd - August 22nd

Leo will need to be prepared for a chaotic month. Whatever leo had prepared will inevitably be disrupted by double planning and overworking. Be careful, that Halloween party will get there, rest up!

Also make sure to stick to your own business. This month is too hectic to meddle!

Virgo

August 23rd - September 22nd

You want the perfect costume/party/trick-or-treatin trip. Whatever you are planning be careful not to get lost in the details.

Other than that this month will be a good one, expect good grades and loads of invitations to parties!

Libra

September 23rd - October 22nd

This is your month. You will get extremely good news and a belated birthday gift will make you happy.

The Halloween party you are invited to will be your place to shine. Be social and good things will happen to you.

The question you should be asking yourself however is; will it be good for your grades to be this social?

Scorpio

October 23rd - November 21st

As a Scorpio you will need to be careful this month. You will not enjoy this month at all.

A lot of bad luck is headed your way. So if you see a black cat turn around and walk the other way. It's Friday the 13th? Stay in bed. Don't take any risks.

Although there may be some luck this month in love, be careful for charismatic witches.

Sagittarius

November 22nd - December 21st

This creepy month is not your cup of tea. You prefer a nice warm cup of cocoa instead of pumpkin spice.

You will need to hibernate and wait out this month. Stay inside when possible and wait till November rolls around.

Capricorn

December 22nd- January 19th

You are ready for something new, this is the perfect month for that. The start of autumn, the start of Halloween and many occasions to socialize.

You will need to open yourself up to new things and this month will be very good to you.

Aquarius

January 20th - February 18th

You will have a fun month with a lot of social events on your calendar. From pumpkin carving to movie marathons you got this month down. However all the social events will add up and leave you little time for school. Planning is key, make sure you don't forget the exams that are coming up. Planning is key!

Pisces

February 19th - March 20th

You will need some tough skin to get through this month. A lot of scary things will happen to you, but you are going to be fine if you realize "After rain comes sunshine." Don't let your friends scare you too much during this spooky month.
